

IMAGING DIAGNOSTICS PROGRAMS

NDS Wellness uses the very latest in available technology to enable health care providers to efficiently expand the scope of their practice. We provide onsite physician and medical staffing, including technologist staffing in various imaging diagnostic programs to make an impact on your business year-round.

Additionally, NDS developed a series of **non-invasive, ultrasound based procedures** to quickly screen team members onsite for contributing factors to heart disease.

MEDICAL EQUIPMENT RENTAL INCLUDES:

- > Mobile MRI
- > Ultrasound
- > PET/CT
- > Cardiovascular Stress Testing
- > Mammogram
- > CT

DIAGNOSTIC SERVICES INCLUDE:

- Cardiac CT Scan for Coronary Calcium
- Echocardiogram (echo)
- Electrocardiogram (EKG)
- Cardiac Stress Testing
- Carotid Artery Screening
- Peripheral Artery Disease Screening
- Abdominal Aorta Screening
- Thyroid Scan

BENEFITS OF THE CARDIOGRAM SCREENING PROGRAM:

- decreases health insurance costs
- reduces health risks
- reduces absenteeism
- increases productivity
- increases morale
- increases loyalty
- drives behavior modification
