

NDS is looking for skilled Medical Assistants/Medical Students to travel with them around MI, OH, and various other states in the U.S. to conduct annual wellness visits for manufacturing and corporate clients. These visits include:

- Point of Care (finger-poke) blood work for lipids, glucose and A1c
- Basic vitals collection
- Flu shot administration
- EKGs
- EMR data entry
- Consults for a patient by a licensed medical provider

Requirements:

- Ability to travel with their own reliable transportation
- Ability to work out of the state of MI for multiple days in a row
- Experience taking basic vitals, such as Blood Pressure and waist circumference

Preferences:

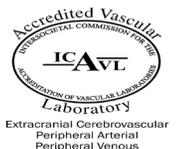

- Experience conducting point-of-care (finger-poke) blood work
- Experience using an EMR platform
- Experience placing EKG leads
- Experience with injections

Benefits:

- Flexible schedules
- Opportunity to work at different venues and travel around the United States
- Mileage reimbursement
- Out-of-state travel expenses covered
- Per diem for food
- Training provided
- Company vehicle for team use, to and from long distance events

National Diagnostic Services (NDS) offers a wide variety of healthcare and diagnostic service solutions to meet specific needs and culture. NDS on-site programs are designed as a supplement to your team members' existing healthcare providers. Our programs focus on educating participants about their health status, educating them on behavior change options and engaging them to additional care when needed. NDS turnkey approach means we'll take care of all the details by scheduling, promoting, & educating your team members. With over 20 years as a healthcare provider, we have perfected the concierge model of healthcare delivery, and can customize a program to meet your needs.
